Dear Cousin Olaf,

Sincere condolences to you & Barbara.

It was a blessing to spend ~2 hours with your Mom last Sunday. We had such a good conversation. Perhaps no one but me could have discussed with her the things we discussed as I grew up in the same neighborhood as she did. We reminisced about the people

on Nash Ridge, the happenings at Freeman Church & her sister's (my mom's ) activities. She remembered clearly the people who lived on Nash Ridge, when she grew up. She remembered Gladys Forde Nash, also 103, living at Maplewood.

She mentioned our aunt Mildred walking to take piano lessons from Birdie Haugen. She even surprised herself with the many of the things she could remember. I'll share the news of her victory in Christ with the people that knew her on Nash Ridge and at Freeman Lutheran Church.

God bless.

God bless.

Dan Sandwick
