Can listen & talk to bees **BeeCam3-Original Hive**

iCam -
Webcam Vid...
SKJM, LLC

★★★★☆ (158)

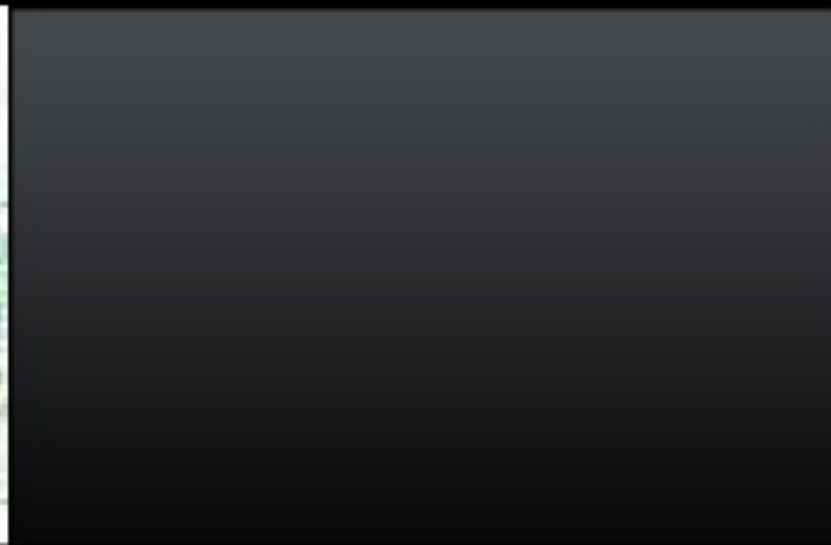

**View/control 4-9-16 camera images/sound
on iPad/iPhone *from anywhere* (\$5/App Store):**

- o **Swipe pan/tilt, patrol, contrast, brightness**
- o **Motion/sound activated save/email alert**
- o **24/7 via *UV night vision* + more??**
- o **iCamSource/Server manages camera video**

Tricky set up - call me for help :)

8081-Front

8083-Drive

8084-Split2(split1 in Back)

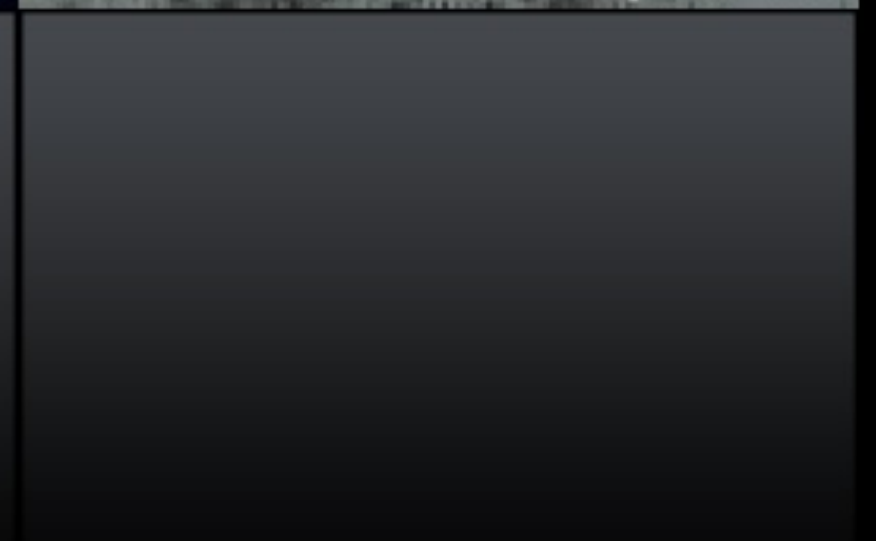

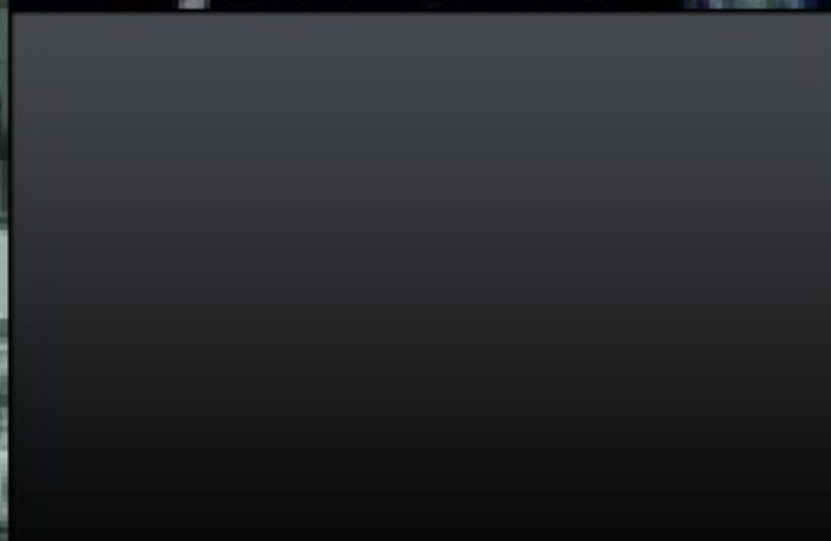

Olafs MacBook's iCamSource

8086=BeeCam2-Split2&1

8087-BeeCam3-OrigHive

Cameras in iCam/iPhone App (iCamSource runs on Mac/PC)

Concluding Remarks

- o BeeCams *useful* 24/7 bee monitors
prevent swarms, pests, insects & knowledge
- o Cost < \$70 (iCam is \$5 – don't need)

Call me if camera/router setup questions

- o More fun than watching most *TV*
- o See Cams, talk & more at:
